MSc in NGO Management

This unique course is one of the only management courses in Europe to focus on the specific needs of senior staff and trustees of international NGOs. This academically rigorous and practically applied postgraduate course is designed for those hoping to develop a senior management career in international development, become a board member of an international NGO board, or work in a foundation funding work internationally.

It is aimed at those currently working in the sector and also at people exploring a career shift into the international development sector and consultants looking to develop their expertise in the NGO sector.

As a student you will gain:

- An understanding of the strategic issues and organisational challenges facing NGO managers
- Relevant management competencies, leadership skills and analytical capabilities
- Insight into the different strategies and approaches commonly adopted by NGOs
- An appreciation of the issues of managing change in NGOs
- Access to a strong network and connections within the sector
- Confidence to pursue your career in the sector.

WHAT SETS THE CASS NGO MANAGEMENT COURSE APART

Future-facing: the course focuses on the rapidly evolving context of international development. It explores the implication for NGOs of trends such as the changing role of civil society, altering aid flows, increased funding for humanitarian and security work, shifting North-South relations, the impact of new digital technologies, the moves to greater collaboration and the increasing influence of the private sector in the development process.

Both academic and applied: the course combines the academic rigour of an internationally respected business school with a highly practical and applied approach. The course is delivered by NGO management practitioners with decades of first-hand experience and ongoing involvement in the sector. In addition we have guest lectures by senior NGOs staff or consultants presenting the latest issues and exploring the real-world challenges they face. The shadowing exercise, a key component of the course, provides students with a unique insight into the day-to-day realities of NGO management.

A rich learning environment: the course lecturers are among the most highly regarded in the University and several have been awarded prizes for the quality of their teaching. Personal reflection and learning is encouraged through action learning sets and the coaching opportunities that are available. We place considerable emphasis on student participation and interaction. Together with the diversity of the student cohort each year, this creates a stimulating learning environment.
All students are highly motivated graduate-level people who bring a wide range of professional competencies, skills and experience from a wide range of backgrounds.

Typically, we ask for:

- a good first degree, normally a 2.1 Honours degree from a British university or an equivalent qualification from a leading overseas institution;
- and three or more years relevant experience at a senior level. In exceptional cases we will accept those without a degree, provided they have significant and relevant work experience.

Past students have come from NGOs of all sizes, as well as foundations, business and the public sector.

**Matt Parker**

**Vice President, Kids Alive International, Chicago, USA**

I found the MSc in NGO Management to be extremely practical and valuable. The course gave an excellent overview of the issues facing charities that are working internationally ... the quality of the teaching was high and the assignments relevant and stimulating. I highly recommend it.

**Alison Marshall**

**Senior Advocacy Adviser, International Planned Parenthood Federation**

I have used the models and approaches which I learned on the course in my day to day work. The breadth of the course gave me the confidence that I know the key issues across the range of functions within NGOs.

**Jennifer Coffey**

**Deputy Head of Partnership Development, Save the Children UK Global Programmes**

I cannot recommend more nor speak more highly of the Masters in NGO Management at Cass. The quality, pace and depth of the teaching, learning and challenge was genuinely excellent. I was promoted within a few weeks of completing the course and 100% believe this would not have happened so quickly without the added value the Masters brought to me. The Masters itself, the professors and my fellow students gave me huge confidence and knowledge.
The aim of the NGO Management course is to enable students to develop key management competencies and analytical capabilities needed by those in leadership and management positions in international NGOs.

The course has been developed in partnership with leading INGOs and BOND (the UK-NGO network). It is one of the five postgraduate courses offered by Cass Business School’s Centre for Charity Effectiveness (Cass CCE). Cass CCE inspires transformation and delivers positive change within the nonprofit sector through a mix of educational programmes, consultancy services and convening activities.

The full MSc is taught on a part-time basis over a period of two years. Alternatively, some students wish to graduate after the first year with a Postgraduate Diploma.

The first year is common to both the MSc and the PgDip and to all of the Centre’s postgraduate courses. It consists of four core modules which all students take. These core modules provide the essential underpinning of management skills for the specialist courses.

To complete the full MSc, students are required to take the Research Methods for Managers module in the second year. They may then elect to conduct six months of personal supervised research and the presentation of a 15,000 word dissertation. Alternatively, they may choose to attend the Social Enterprise module and the two taught Specialist Pathway modules of one of the other courses as a Taught Masters.

All courses are taught at Cass Business School and will require attendance one weekend each month commencing on Friday afternoon from 13.00 to 21.00 and finishing on Saturday at 17.30.

Additional attendance will be required (first year only):
- On the Induction Day (the Friday of the October weekend of the course)
- or Action Learning Set meetings (usually alternate months, on Friday morning of the teaching weekend)
- The Resource Management module exam.
These two pages provide a summary of the NGO Specialist modules and the five core modules that students complete in their first year. Further summaries for other courses’ Specialist modules can be found in their respective course brochures.
