Global MBA  
Class of 2022

# Welcome to the Global MBA

## Programme summary

The two-year part-time Cass Global MBA will position students' careers on a higher plane as they acquire the advanced business knowledge, interpersonal and analytical skills they need to negotiate, make bold business decisions and lead their organisation to success. With its flexible online format, the programme will empower students with the vital knowledge and skills needed to become a bold and visionary leader – ready to tackle the challenges of global business.

## Programme delivery

The Global MBA is a part-time blended learning experience, which means students can continue working while they learn. Programme modules are carefully structured to create flexibility for our students' busy professional schedule.

The online modules for the Global MBA are designed and taught by leading Cass academics, and you will also have access to online tutors who provide day-to-day academic support. The programme is delivered through our online learning platform, so that everything you need is in one place. Students attend three on-campus sessions during the programme, giving them the opportunity to network with peers, engage with Faculty and have unique learning experiences. In Year 2 of the programme, students can choose from a range of fully online electives and optionally combine their choices with on-campus modules and International electives.

## Global Network

With our Global MBA programme, students join an international cohort made up of like-minded business professionals, leaders and entrepreneurs from around the world, bringing diverse range of knowledge, ideas and perspectives. Global MBA students with Cass are able to take advantage of our academics' close links to some of the world's most influential global organisations. Through these valuable links, students gain powerful insights into how business is conducted and how this impacts the UK, European and global economies. Each year, around 2,000 students from all over the world choose Cass for their postgraduate courses, creating a uniquely global environment which enables students to study, socialise and build strong networks that will prove to be invaluable throughout their careers.
